Institute conducted laboratory tests from 641 residents of Addis Ababa and Adama, rapid response team members of COVID-19 response and people who are in contact with travelers due to their work. In our daily press statements we have notified that out of the 641, 609 laboratories tested negative and reported in a different day. The pending results of 32 samples results tested negative today.

- The Ministry of Health and Ethiopian Public Health Institute would like to advise the public if any person who has contact with confirmed COVID-19 patients should immediately call 8335 or 952 or report to the regional toll-free lines or to the nearby health facilities.

- Furthermore, everyone is advised to avoid any mass gathering, apply all precaution measures such as hand washing with soap and maintain physical distancing.

For more information please call to the free toll line 8335 and 952 or to regular phone 0118276796, or use our email: [ephieoc@gmail.com](mailto:ephieoc@gmail.com).
